

APPENDIX 2

Nomination Contract Order from [name of Storage Customer] to Gas Storage Denmark A/S

1. Storage Customer

Name: [XXX]
Address: [XXX]
Postcode and town: [XXX]
CVR no.: [XXX]
GLN no.: [XXX]

2. Contract period

An order for the following starting date in the agreement period must be submitted on:

[DAY-MON-YYYY] at 06:00 hours

The starting date shall be at 06:00 hours on the first day of a Month. A Nomination Contract shall be effective from the starting date stated until the Nomination Contract is terminated or changed in accordance with the version of the Rules for Gas Storage ("RGS") applicable at any time.

3. Shipper Code

The Storage Customer wants to be able to nominate to the following Counterparties' Shipper Codes in the contract period:

[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]

On the basis of the Storage Customer's specification of a Counterparty's Shipper Code, Gas Storage Denmark shall establish two Shipper Code Pairs. A Shipper Code Pair shall comprise a Storage Customer's Shipper Code (in the form LTxxxxxx) and the Counterparty's Shipper Code (in the form DSxxxxxx). If the Storage Customer's Shipper Code is mentioned first in the Shipper Code Pair, the Storage Customer is entitled to nominate the withdrawal of Natural Gas from the Storage Point using the Shipper Code Pair. If the Counterparty's Shipper Code is mentioned first in the Shipper Code Pair, the Storage Customer is entitled to nominate the injection of Natural Gas into the Storage Point using the Shipper Code Pair.

4. Reduction principle

If Gas Storage Denmark reduces the Storage Customer's total Nominations for several Shipper Code Pairs, the reduction shall be made in accordance with one of the following two principles:

- [Pro rata]. The Nominations shall be reduced by the same proportionate share for each Shipper Code Pair.
- [Prioritised]. The Nominations shall be reduced so that Nominations for Shipper Code Pairs based on the Shipper Code stated last in Clause 3 above shall be reduced first, followed by Nominations for Shipper Code Pairs based on the Shipper Code stated last but one as outlined in Clause 3 above, etc.

5. Acceptance of the Nomination Guide

In concluding the Nomination Contract (by Gas Storage Denmark confirming this Nomination Contract Order), the Storage Customer accepts that the Storage Customer's Nominations shall be made in accordance with the version of the Nomination Guide applicable at any time.

6. Other information

The Nomination Contract Order follows the version of the Rules for Gas Storage applicable at any time.

7. Signature

, / / 2018
