

Nomination Contract Order
from
[name of Storage Customer]
to
Gas Storage Denmark A/S

Agreement ID: KON-[XXX]-[XXX]

1. Storage Customer

Name: [XXX]
Address: [XXX]
Postcode and town: [XXX]
CVR no.: [XXX]
GLN no.: [XXX]

2. Contract period

The effect start time for this Nomination Contract Order is:

[DAY-MON-YYYY] at 06:00 hours

Once confirmed by Gas Storage Denmark ("GSD"), this Nomination Contract Order shall constitute a Nomination Contract for the exchange of nomination messages between the Storage Customer and GSD. The Nomination Contract shall be effective until the Nomination Contract is terminated or changed in accordance with RGS clause 7.1.1.

3. Shipper Code

The Storage Customer may nominate to the following Counterparties' Shipper Codes in the Energinet Gas TSO's Transmission System:

[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]
[DSxxxxxx]

Based on the Storage Customer's specification of a Counterparty's Shipper Code, GSD shall establish at least two Shipper Code Pairs. A Shipper Code Pair shall comprise a Storage Customer's Shipper Code (LTXXXXXX) and the Counterparty's Shipper Code (DSXXXXXX).

- If the Storage Customer's Shipper Code is mentioned first in the Shipper Code Pair, the Storage Customer is entitled to nominate withdrawal of Natural Gas from the Storage Point using the Shipper Code Pair.
- If the Counterparty's Shipper Code is mentioned first in the Shipper Code Pair, the Storage Customer is entitled to nominate injection of Natural Gas into the Storage Point using the Shipper Code Pair.

4. Reduction principle

In case there are multiple Counterparties' Shipper Codes notified in clause 3 above and GSD reduces the Storage Customer's total Nominations for all Shipper Code Pairs in an Hour, the reduction shall be allocated among the Shipper Code Pairs in accordance with one of the following two principles:

- [PRO RATA]. The Nominations shall be reduced in proportion to the received Nominations per Shipper Code Pair; or
- [PRIORITISED]. The reduction shall be allocated to the Counterparty's Shipper Code listed last in clause 3, until there is no more reduction to allocate or the Nomination has been reduced to zero (0). Any remaining not allocated reduction shall be allocated to the second last Counterparty's Shipper Code listed in clause 3, until there is no more reduction to allocate or the Nomination has been reduced to zero (0), and so on until the reduction has been fully allocated.

5. Acceptance of the Nomination Guide

By signing of this Nomination Contract Order, the Storage Customer accepts that the Storage Customer's Nominations shall be made in accordance with the Nomination Guide applicable at any time.

6. Other information

The Nomination Contract Order follows the version of the RGS applicable at any time.

7. Signature
